

Brookwood Retirement Community is part of the Health Care Management Group™

Take a tour.

To define Brookwood, you need to think beyond the traditional Assisted and Independent Living models you find elsewhere. Think more in terms of “better living.” When you first tour our community, you’ll see everything we do reflects that. Peek into our rooms. Talk to our caregivers. Ask our residents. There’s true joy here. And isn’t that what you really want in a home?

Greater Care *for* Greater Cincinnati

What to expect for your life at Brookwood.

You're about to leave the home you've known for years and venture into the unknown. Feeling apprehensive is totally understandable. So, let's shed some light on living at Brookwood to replace your uncertainty with perhaps a little excitement.

You'll be welcomed by your peers into a community of mutual respect, safety and good cheer. The hallways and common areas are

bright and ring with happy activity. And your apartment, well, it's a home where you can immediately settle in and not simply "settle for." Each apartment has been recently remodeled to provide comfort for all the senses, from granite countertops and tile mosaic backsplashes to stainless appliances, tiled showers and Wi-Fi Internet. A great deal of thought has gone into making every space easily accessible and functional.

Brookwood believes in a full continuum of care, so your home is already prepared for you to take the step from independent to assisted living, if necessary. Under the same roof and just down the hall are areas for therapy, learning and recreation. Our equipment is all ACP (Advanced Care Plus), our caregivers are certified in ACP and ACLS and our methodologies are the latest available.

We go a bit further to nurture wellness for the mind and soul, as well as the body.

There are stretching and strengthening classes, aquatic therapies and activities, daily coffee and news groups, history, travel and book clubs, chair volleyball and in-home therapy. As we said, this is not an "old folks home." Brookwood *is* your home.

Medicaid and Medicare Certified

- 24-Hour admissions / 7 days per week.
- Hospital or home assessment prior to admission is available.
